

# Scavenger Hunt

Materials Needed: - roll of tickets with numbers at each end - 2 to 3 prizes

( votives, tealights, a pair of dinner candles)

After the guests are settled, give everyone- including the hostess- 10 tickets. The object is to get rid of as many tickets as possible: each time you're the first to locate the item, you tear off 1/2 of 2 tickets and place them in the basket. At the end of the show, do a drawing for prizes. Read poem clues for various items. Do your demo by explaining a bit about each item.

You can do about 6 to 8 objects, and that usually take 20 minutes or so. Then you can do a speed round where they have to answer questions- the first to answer correctly loses another ticket. Here are a few sample questions:

- Name two different uses for Ariana (*tooth fairy, ring holder*)
- How many hours will a 3-wick last?
- Show me 4 different ways to use the Quilted Crystal Pair
- Show me 3 items in my display that are in the starter kit!
- What's the 4 booking gift? *Try to make questions pertain to sales, bookings and sponsoring!*

*See the next pages for the product clues.*

*This game is perfect for repeat guests.*

Whether married for decades, or just starting out,  
This piece represents what love is about.
